

MEDIC “Pause Pre PE” Algorithm Implementation Guide

All materials described below are designed for the emergency medicine (EM) clinician audience.

| TOOL | WHAT <u>IS</u> THIS TOOL? | WHAT THIS TOOL IS <u>NOT</u> | SUGGESTIONS FOR USE |
|--|--|--|---|
| <p>Reference Cards</p>  | <p>“At the elbow” quick references intended to:</p> <ul style="list-style-type: none"> ⇒ Prompt use of this algorithm when appropriate ⇒ Remind about the algorithm components/scoring systems | <ul style="list-style-type: none"> x Explanation of WHY & HOW this algorithm was developed x Overview of MEDIC | <ul style="list-style-type: none"> □ Distribute via email □ Post to internal clinical resource site □ Tape to computer monitors □ Post in clinician workstations □ Use as a “pocket reference” |
| <p>Full Algorithm</p>  | <p>“In situ” reference intended to:</p> <ul style="list-style-type: none"> ⇒ Prompt use of this algorithm when appropriate ⇒ Display the full algorithm ⇒ List key references | <ul style="list-style-type: none"> x Explanation of WHY & HOW this algorithm was developed x Overview of MEDIC | <ul style="list-style-type: none"> □ Distribute via email □ Post to internal clinical resource site □ Use as computer background □ Post in clinician workstations |
| <p>Educational PowerPoint</p>  | <ul style="list-style-type: none"> ⇒ Explanation of WHY & HOW this algorithm was developed ⇒ Overview of MEDIC | <ul style="list-style-type: none"> x Quick reference guide x Real-time clinical decision aid | <p>Presentation @:</p> <ul style="list-style-type: none"> □ Faculty/staff meetings □ Resident seminars □ Grand Rounds |
